THE CHAPIEL

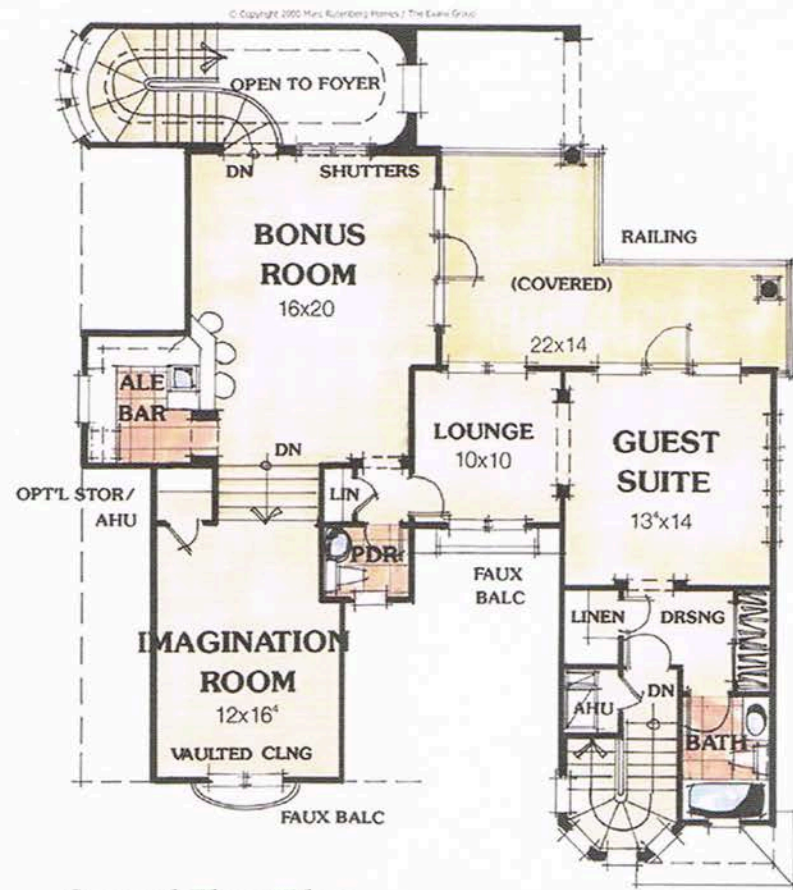

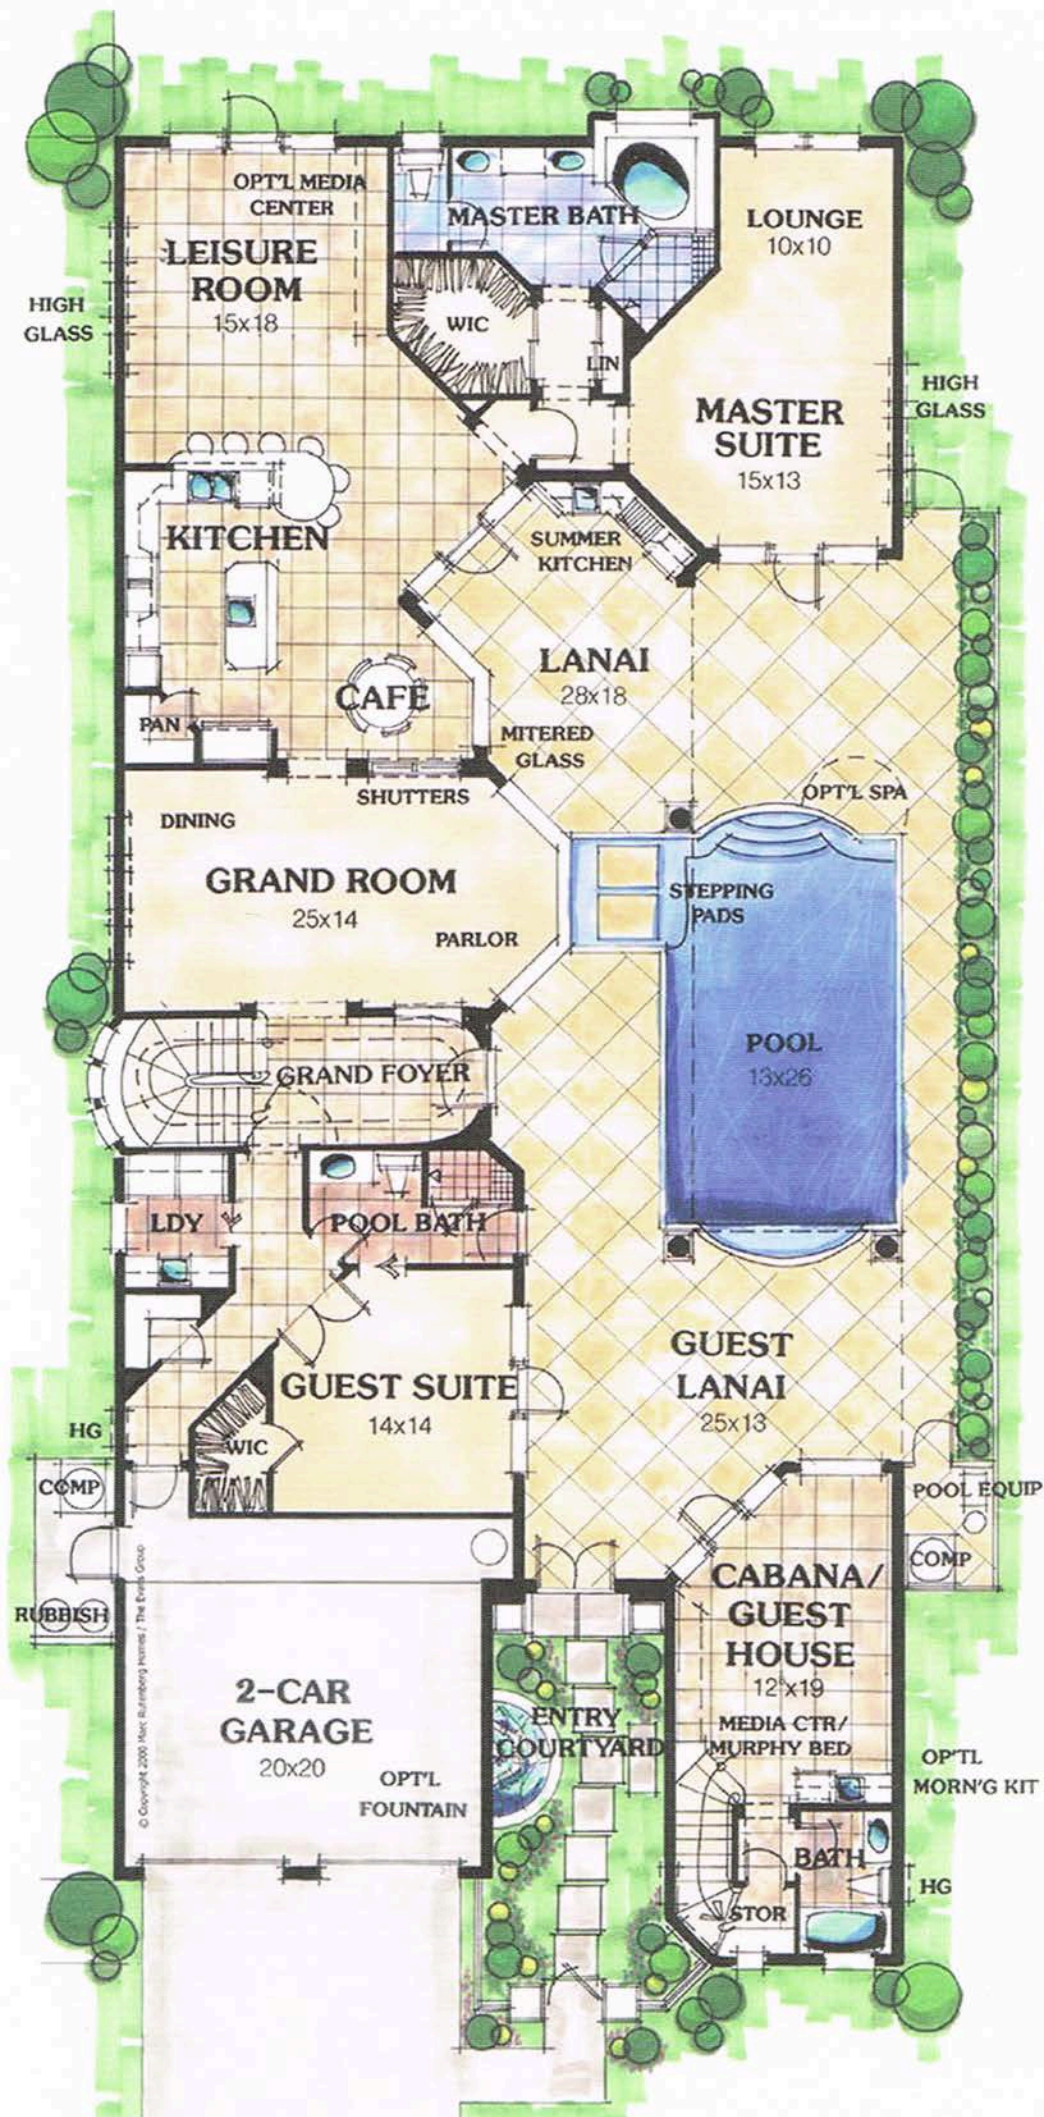

INSPIRED WITH ALL THE CHARM OF A PRIVATE CHATEAU

Big and beautiful and a world within a world is only the beginning for The Chapiel Club Home. Rich natural stones, precious woods, subtle textures and well-designed architectural details are evident and lavishly used from the Grand Foyer to the heart of main living areas, including the Gourmet Kitchen. Each enjoys a breathtaking view of the comfortable pool and deck. There is

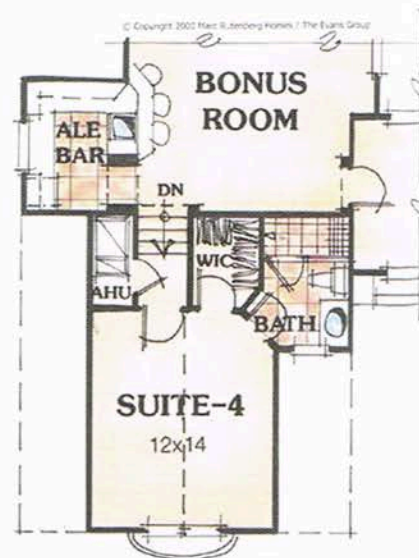

an attached Cabana Guest House that even has its own private poolside lanai. Upstairs, the Imagination Room beckons you to come and relax. You decide what role the Bonus Room will play in your lifestyle. Inspired by Old World charm, the Chapiel Club Home elegantly blends a casual luxury lifestyle with delightful French country design.
