

WENTWORTH CLUB HOMES

THE LAURIER

ENCHANTED DESIGN FROM THE HEART AND SOUL OF A FRENCH ESTATE VILLA

The attitude of design for The Laurier Club Home is unmistakably European. From the Dining Salon and Parlor to the Café overlooking the Pool and adjacent Lanai, Laurier Club Home views send the right message with a special Summer Kitchen tucked away in just the right spot for great outdoor fun. The Master Suite includes a lounge and roomy Master Bath with bay window views of the stylish Pool and

connected Spa. The two guest Bedroom Suites are large and private, situated to be independent from the overall living envelope. Privacy and seclusion are the basis of design and each Wentworth Club Home enjoys its own entry and courtyard access. The Gourmet Kitchen and Leisure Room want for a family just like yours to please and entertain on many an occasion.
